

NGUYEN VU LUAN

WEB DEVELOP

About Me

I'm a React developer with 3 years of experience, and I have basic knowledge of NestJS, AWS, and Naver Cloud. My goal for the next 3 to 5 years is to become a full-stack developer, capable of working on both the frontend and backend of applications.

Experience

Web Developer

02/2023 – Now

Brick Mate Group Viet Nam

SMBM

This project aims to replace traditional tickets with electronic ones for events featuring SM Entertainment artists. The goal is to shift from physical to digital passes, improving convenience and efficiency in event management and attendance.

Onepicks

This project aims to recruit talented interns for entertainment companies in South Korea. Candidates will showcase their talents through video clips featuring singing, dancing, and other artistic activities.

Prezem

Prezem is an application designed for sharing culinary experiences on Naver Map, where users can check in and explore dining locations. Active participants are rewarded with gifts for asking questions. Members can accumulate points and exchange them for exciting rewards within the community

Web Developer

01/2021 - 12/2022

Sai Gon Stock Commercial Bank (SCB)
