LANGUAGE

English

Japanese

NGUYEN VU LUAN

WEB DEVELOPER

I'm a React developer with 3 years of experience. I have some knowledge of NestJS, AWS, and Naver Cloud. I'm looking to expand into backend development, possibly with NestJS or another language. In the next 3 years, I aim to become a DevOps expert by learning additional skills in deployment and system management.

EXPERIENCE

WEB DEVELOPER

BRICKMATE GROUP VIETNAM

01/2023 - Present

- **SMBM Project:**

This project aims to replace traditional tickets with electronic ones for events featuring SM Entertainment artists. The goal is to shift from physical to digital passes, improving convenience and efficiency in event management and attendance.

WEB DEVELOPER

BRICKMATE GROUP VIETNAM
